

Appendix C
Alaska Wildland Fire Coordinating Group
(AWFCG)

Alaska's wildland fire policies are guided by an interagency group of the land managers which provides leadership focus for planning and implementing fire management decisions statewide. The AWFCG is chartered to seek and identify solutions to specific and common fire management and related programs. It is responsible for the management, amendment and revision of the Alaska Interagency Wildland Fire Management Plan. Annually, the AWFCG hosts an Interagency Fall Fire Review to critique the fire season and address fire management concerns and issues. The AWFCG membership list follows:
